AI Community of Practice Series

Sept 23, Nov 11, 2025 & Feb 19, Apr 29, 2026

9:00 am – 3:00 pm $650 per person

Join us for a transformative 4-day event focused on three core pillars of AI in education: Teaching with AI, Teaching about AI, and Teaching for AI.

Event Highlights
Classroom Spotlights – See how local teachers are already integrating AI into their teaching practice, curriculum, and student learning experiences.

AI Readiness for Educators – Explore practical strategies, tools, and mindsets for confidently using AI in the classroom.

AI Readiness for Students – Learn how to prepare students with the knowledge, skills, and ethics needed to thrive in an AI-powered world.

Collaborative Learning – Connect with peers, share resources, and build a lasting network of educators leading the way in AI integration.
